"Hi" to all my classmates & alumni of LHS, I hope this finds you all well and happy.

This is the one hundredth & fifty second edition of our class (LHS'52) and the twenty second since we invited LHS graduates from the years 1948 to 1959 to join us in keeping in touch with our alumni. Send us the birth and anniversary date of you and your spouse if you wish to be included in our monthly "Notable Dates" section.

**Please send in some news to share with your alumni !!!** How is your job going? Have you scheduled a vacation? How was your last vacation? Any operations scheduled? Have you relocated? How do you like your new home? Are you in an assisted living home? Would you recommend it? Here is a format to tell us all about your life. A lot of us are interested in knowing how your life is going so submit some information to share. I'll repeat.. As Lew Ross (LHS'52) wrote..."I think it would be nice to hear what our classmates are up to and that they still remain on the right side of the grass." Let us hear from you!

The class of '52 published a class directory which was distributed during our 50th reunion held in Port Jefferson, NY in Sept. 2002. The directory included spouses name, children's and grandchildren's names, address, telephone & email number, and a brief history of our lives since graduation. We invite our alumni to send in some information about their lives since graduation, are you married? how many children & grand children? where do you live now? would you like to submit a brief history about your life since graduation?

The Newsletter is distributed by email once a month. All news received are "cut & pasted" into an email format for distribution. If you do not have email capabilities give me the email address of a family member or friend that would receive it for you & I'll send it there. We had decided not to include jokes (although several of us have our own distribution list for jokes). Any thing sent to me is included in the Newsletter unless you advise me not to include something.

Please include your email address and year of graduation (LHS'52) etc. with your submittals.

Several of our alumni have suggested that we include the town we live in so that we could see if any of our alumni live near us. I have this information for the class of '52 and will start adding this information. If others will let me know where they live I will add that also. I think this was a great idea and thank all that suggested it.

So that's it! We welcome our alumni aboard and ask that they notify their classmates of our existence and request for news.

**Editing News Submittals: This newsletter is meant as a place you can reminisce about our high school days, to stay in touch with your alumni and to find out how their lives are going. Please do not send in political or religious notes nor other inflammatory statements, they will be edited out at the sole discretion of the editor. Thanks for understanding.**

Hi Jim,

Some months back we had a computer issue and we were forced to stop using verizon email.

We are now with "Gmail" and would appreciate if you make this change. In full I\our address is

"[robedcox@gmail.com](mailto:robedcox@gmail.com)" instead of "robedcox@verizon"

Have a Merry Christmas and a Happy New Year.

Thank you.

(editors note; Hi Walter; I hope your holidays went well.

I want to thank you for forwarding your note "My War" to me. I really enjoyed it, it brought back some old memories about things you mentioned. I lived in Brooklyn until '48 or '49 when I moved to Valley Stream then to Lynbrook. I really don't remember black outs, etc. but do remember rationing.

Would you mind if I mentioned your note in the Feb. WOO and offered to forward it to any of our alumni that requested it. I think many of them would enjoy it also. I will not mention your note unless you give me an "OK".

Thanks again..... Jim )

(1/12/18)

Jim, thank you for your continuing efforts in publishing the WOO. I always look forward to seeing it arrive on my

computer, and then reading it all before going to another email.

I'm going to be 80 years young on Feb. 19. My sister Jackie Dark (wife of the major league ballplayer Alvin Dark who is

now in heaven) will be 81 on Feb. 13.

I pray that you and Marja are well and still enjoying retirement.

Warmest regards,

Dave

My Copy of the WOO disappeared last time, too. I clicked on it to read it and it went off into the Never-Never! Wish I knew that trick so if I regret sending something, I can make it disappear after it has gone!

Wishing all you other survivors a good 2018...we sure haven't had a boring 2017, but maybe we can get through the next one with a little less drama...and New Years Eve with a bit less snow!

I am enjoying having half a weekend for two weeks! I usually work Saturday-Sunday-Monday at the museum Oklahoma State Museum of Natural History) so can't see friends who get weekends off, or wind up getting together in

the evening down in town in my uniform! We get both Sunday and Monday off this year, for both major holidays, so I get a chance to attend evening events dressed like the rest of the world!

Love my work and all those little 5-8 year old kids who love and know about dinosaurs. Most of ours are real or have only a few "bones" (dinosaur bones are actually stone, for the most part, as water brings mineral matter into them and

replaces the bone, leaving a perfect stone reproduction of the original) that are made from molds of bones from similar species. I keep some fossils (from a dig last year and one in California 26 years ago) in a little container in my

pocket and give one to kids who are knowledgeable and enthused on Paleontology. The ones I found here are 470 million years old from the Ordovician Sea that once covered the world, and the ones from Lake Forest, CA (about a mile

from our home there) are about 400 million years old and are mostly teeth from the Devonian Sea. Local ones are brachiopods and a few trilobites. Kept the best ones from the collections and they show up in the jewelry I make with

Polymer clay. Easy to make pretty patterns with ancient shark teeth...in swirls against a pale blue sea with a bit of sand from Laguna Beach, Ca at the bottom! That one got made in a fit of homesickness....I miss California every day of my life!

Do any of you remember my kid sister, Barbie Hill? We had a lovely Christmas together at her horse/sheep ranch about a mile from my underground house (where else would a California girl live in the land of tornadoes?), and had lots of entertainment watching two of her dogs playing tug of war with the toys Santa left for them. Her West White Terrier and Border Collie were well matched for energy and spunk, if not for size! My Cairn had to stay home this year because he has gone deaf and blind in old age, and his cousins would be too rough for him now.

Hope you all fared well this year, and next year sees us all still enjoying Woo!

Happy New Year, Nance (Hill) Ross, Norman Oklahoma

Jim, don't believe we ever met, but those from the class of '59 will remember me (I think!). I really enjoy catching up on the LHS Newsletter. I am retired now and live in San Antonio, Texas. I retired from the Marines in 1988, and then from teaching in 2007. I am a Viet Nam veteran, and can't say life has been easy, but it has been fun and quite interesting.

I'm not married, but have a significant other. I have two children, girls from a previous marriage, and two grandchildren also girls. Though I live in San Antonio, I spend much of my time in Houston, my home away from home so to speak, as I graduated from the University of Houston (GO COOGS!), and attend many sporting events at UH, and also the opera, ballet, and theatre in HTown. I haven't traveled much of late, since my significant other has been ill, but is doing better and we hope to travel extensively this coming year.

Thanks for all you do in keeping the Wise Old Owls current on the happenings with their respective classmates. Semper-Fi!

(12/30/17)

Jim - Thanks for including our anniversary in the December calendar. There's another update you have me listed as living in Roslyn. Beverly and I moved to Miami about a year after Hurricane Sandy. Our house suffered over \$300k in damage and after I rebuilt it we decided the time was right to move to Miami & get away from Hurricanes! Our sons both lived in the Miami area and we had a 2nd home there for a number of years, so the timing and the situation was right, besides we now had a virtually new house to sell.

Glad to read that Don Roth is on the mend but saddened to learn about Frank Kohler and Ralph Spinnler. Keep up the good work I look forward to WOO every month as do the classmates I'm in touch with.

Best for a happy and healthy New Year / Lloyd Gelb LHS '57

Just came back from a father daughter trip to the Galapagos Islands. Actually fantastic to see the blue footed boobies, giant tortoises, iguanas(land & sea), sea lions & turtles, flamingos, and many other birds close up and in the wild. They all have no fear of humans. You are allowed to get up to 6 feet of them. Great snorkeling and beaches too! Warm weather all year long. Came home to some really cold weather here in Oklahoma.

The Lynbrook athletic department has made history. No, there is no 7 foot boys basketball player, no there is no football running back who is 6'6" and weighs 225 lbs leading the team next season and no there is no girl basketball player scoring 50 points per game. Are you ready for the news?

The Lynbrook wrestling team has its first FEMALE Varsity wrestler! Yes that's correct. Yes she wrestles against the boys from other schools, yes she works out with the boys on the LHS team and are you ready for this...she is UNDEFEATED!

Ally Fitzgerald, a freshman at LHS, wrestles in the 99-106 lb weight classes and has pinned every opponent but one in which she won by unanimous decision.

Where did this all start you may wonder. Seems when she was in elementary school she was being bullied. Her mother unrolled her into a jujitsu class to build self confidence and self defense. She became so proficient in using her legs that she decided to follow her older brother and go out for the JH wrestling team. She won every match, all against boys, and stayed with the program when she entered high school this year.

She currently works out with an AAU wrestling team and has aspirations to wrestle in a future Olympics on a female USA team.

She has been featured in NEWSDAY not only in the sports section but also in a lead article on page six a few weeks ago.

If anyone wishes to send Ally a note of encouragement you can reach her at the following address.

Well it looks like the Feather Factory may have had its last feather plucked. Seems a major developer on LI is negotiating with the Feather Factory owner to purchase the building. If the price is agreed upon the builder has plans to demolish the building, construct a 4-5 story apartment-condo complex with a first floor parking garage for the residents. The plan calls for 111 SINGLE bedroom apartments-condos with parking spaces for 52 vehicles. There will be additional parking in a lot behind the building and across the street where local commuters now park. This is all depending upon if a fair selling price can be agreed upon and if so the Village Board must then approve the building plans.

These residents will have access to the LIRR, the new Regal theater on Merrick Road, various restaurants in the Village and most importantly the White Castle which is across the street for delicious belly bombs.

What takes place will be updated in a future WOO.

Jim, I received the following note from Betsy which I have forwarded to my classmates:

"It is with sorrow that I report that Ed Zimmerli, late of Keene, NH, passed away on July 31 of 2017. I miss him greatly.

"He always spoke highly of his Lynbrook HS educational experience, and of how pleased he remained about being elected Class President. Although he majored in geology at Union College, he eventually went into investment banking, retiring in 1991.

"I would like to bid farewell to his remaining classmates on his behalf."

Hello to all my surviving classmates. Most of my surviving classmates are in their early 80s, as am I. My 83rd birthday is May 28, 2018. I'm in pretty good health, and hope to make it to 5/28/2035, a centurion, but only if I remain in good health for that age. From what I read, there are several thousands of centurions now alive in our country.

As a long retired M.D...I would advise those wishing to live another couple of decades, to eat nutritious foods, and take a long walk daily. When you do get the flu or a bad cold, buy some face masks at your nearest pharmacy, and protect others from catching whatever it is that you have.

Dear Jim,

Appreciate your continued energy in keeping us connected through the WOO. I am forwarding this interesting owl story to remind us that not all owls are wise. Some of us are still learning and May need a little protection along the way.

I am in awe of the help I received in selling my house in Co. springs and moving to my log cabin in the mountains. New address is 124 Star Gate Hts., Florissant, CO 80816. I am catching my breath here at Simple Pleasures before deciding where my life in a wheelchair will lead me.

As always, thanks for your kindness.

Ingo, a Belgian shepherd, and Poldi, a one-year-old owlet, share a very special bond which is evident in the following photos.

**(editors note; There are several photos of these 2 strange animal friends which I really enjoyed, I can't add the photos here but anyone that would like copies via email, just let me know and I will forward them to you. Here is the rest of the text provided. Thanks Linda for your note and good luck in your relocation.... Jim)**

For years, photographer Tanja Brandt has made it her mission to capture magnificent photos of animals and wildlife. Recently, the German artist found a new challenge when she photographed the unique bond between two unlikely friends: Ingo, a Belgian shepherd, and Poldi (Napoleon), a one-year-old owlet. The owlet and canine have a special "protector-protected" relationship and that their affection towards each other couldn't be any more evident.

Ingo lovingly guards Poldi, who apparently "doesn't know how to live free."

The owlet hatched two days after his six brothers and sisters, therefore, has always been very vulnerable due to his small size. Comparatively, Ingo was raised to by a family of strong, and oftentimes ruthless, police dogs.

*"They respect each other and they can read each other,"* says the photographer.

Love it! Very funny. Proves there's more than one way to solve a problem!

**Snoring Solution**

The guys were all at a deer camp. No one wanted to room with Bob, because he snored so badly. They decided it wasn't fair to make one of them stay with him the whole time, so they voted to take turns.

The first guy slept with Bob and comes to breakfast the next morning with his hair a mess and his eyes all bloodshot.

They said, "Man, what happened to you?"

He said, "Bob snored so loudly, I just sat up and watched him all night."

The next night it was a different guy's turn. In the morning, same thing, hair all standing up, eyes all bloodshot.

They said, "Man, what happened to you? You look awful!"

He said, "Man, that Bob shakes the roof with his snoring. I watched him all night."

The third night was Jim's turn. Jim was a tanned, older man's man from NM, and from rough and tough Lynbrook, LI.

The next morning he came to breakfast bright-eyed and bushy-tailed.

"Good morning!" he said.

They couldn't believe it.

They said, "Man, what happened?"

He said, "Well, we got ready for bed. I went and tucked Bob into bed, patted him on the butt, and kissed him good night. Bob sat up and watched me all night.

LOL

Happy New Yr Ol' OWLS,

Jim..Just saw an obit of a fellow Lynbrook High grad. We were classmates in class of '49. He was a super brain and the smartest guy I have ever known. Sheldon Hershkovits was his name. He went on to great things in Academia. He was holder of many patents including the invention of a device used in root canal procedures. He also devised a way for NASA to remain in touch with Space Capsules returning to earth instead of that dead space when antennas heated up from all that friction. The thing that astounds me most about his being

here in Citrus County Fla. is that he is the fourth Lynbrook High guy that lived here in little old Citrus County that I learned about in the Citrus County Chronicle obits!. I never thought that anyone from Lynbrook (other than myself) would be here. The others were George Lazo & Artie Bizzoso. Sheldon told me (tongue in cheek) that he wanted to start a "think tank" of brainy people for further education...He would call it "Sheldon Hershkovits Institute of Technology" The motto would be S.H.I.T. for Brains. This is all true but maybe not fit to print. There maybe still some oldtimers who remember Sheldon. Not too many of us left!!!  
Gene Kelly '49er

(1/22/18)

(editors note; Hi Gene; Thanks for the note & the update on Sheldon Hershkovits. Sheldon however is not listed in the "Lynbrook High School Alumni Directory 2010". I looked a few years prior to and after 1949 without success. He may have left prior to graduation and graduated somewhere else or it my be just an error in the Directory? Thanks again for for the info on his passing)

Hi All; We hope your holidays went well. Not only was Santa good to us, but we were able to spend some time with all 3 of my daughters and 4 of our 6 grandchildren. To top the Holidays off, we then attended the wedding of James Landers and Sarah Wilson on Jan. 14th. The bride was beautiful, the groom was handsome (he takes after his grandpa!) and everything went off without a hitch.

I want to thank all that have sent in notes for WOO. Every month we are loosing more of our alumni, I wish we could all make it to centurions to keep Howard Caplan company & help him blow out all those candles. I know that I'm working towards it (exercise 3 times a week for 1-1/2 hours, quit smoking many years ago, and eat (some) nutritious foods) while taking all my meds. I'm planning to dance with every one of my beautiful classmates that show up!!!!

You all have a safe, healthy and happy month..... Jim

### **Trouble receiving WOO? Here's good news!**

My daughter is still working to come up with a method to ensure that all that want WOO can receive it. She just set up a web site, [www.candothat.com/woo.html](http://www.candothat.com/woo.html) if you click on this web site then on "WOO Jan. 2018 " you will open WOO in pdf format and you can print it out on your computer. A couple of our alumni have already been able to use this system. Patti will add each WOO as I complete it so there will be a WOO Jan. 2018, etc. We hope this works for everyone having a problem opening WOO. Patti has already added all of the completed 2017 WOOs to this site, so if you missed any you can get them there.

### **Help Locate Missing Alumni !!!**

While we have reconnected with 40 to 90 classmates from several LHS classes, some classes are lacking in representation in the newsletter. The numbers contacted to date are: LHS'48, 10; LHS'49, 16; LHS'50, 20; LHS'51, 46; LHS'52, 42; LHS'53, 42; LHS'54, 24; LHS'55, 53; LHS'56, 38; LHS'57, 73; LHS'58, 88; LHS'59, 106. If anyone knows if any of these classes have had reunions & who the contacts were, let me know and I will contact them and

attempt to obtain addresses for others., Here are the numbers from misc. years that have requested they be added to the distribution list for WOO: LHS'45, 3; LHS'46, 3; LHS'47, 5; LHS'60, 4; LHS'62, 3; LHS'64, 2; LHS'66, 1; LHS'68, 1; LHS'74, 1; LHS?, 7. Total distribution now 588.

## **In Conclusion**

So long for now, send us news about your life to be included in the next issue.

If you are in contact with any classmates or LHS alumni (LHS'48-'59) with email addresses which I don't have let me know and I'll add them to the distribution list. Thanks to everyone that submitted news articles and to all that sent suggestions concerning this publication.

If you change email addresses or servers please let me know so we can keep in touch with you.
